Please join us for a profound film, *Jesus in India*.

Sr. Joan Chatfield will answer questions following the film.

This film is about a seeker's quest across 4000 miles of India in search of answers about where Jesus was during the "Hidden Years" from ages 12-30. The New Testament is silent on those years, however in India there is an ancient tradition that young Jesus joined a caravan and took the Silk Road to the East, where He lived with both Hindus and Buddhists before returning to begin his ministry. Scholars and religious authorities are joined in this film by the Dalai Lama and an Apostolic Nuncio of Pope John Paul II.
